

General Defense Intelligence Program Staff

10 July 1984

Memo For: Mr. John N. McMahon, DDCI 

John:

This is one of the talkers Jim Williams used in his meeting last Tuesday with Secretary Taft. You may want to press some of the same points.

Taft's concern about budget targets made it difficult to focus him on the PDM or to discuss the executive order policy aspect. This may be the time to tackle OMB on the separate fiscal guidance issue.
